REFINISHING

A personal approach TO Painting

Dave Zanoni Painting provides masterful painting, decorating and wall-covering services that consistently make the difference for our customers.

With over 20 years in business, we have distinguished ourselves with an eye for quality and detail in everything we do. From critical surface assessment and proper preparation, to the ultimate finishing techniques.

What distinguishes a painting business are the customers it retains and the number of ongoing referrals it receives. Today, we are proud to count among our customers some

of the most distinguished homes and businesses of Milwaukee and the greater North Shore area, including Mequon, Brookfield and the Lake Country. Our client list also includes some of the area's most prominent architecture and interior design

firms. While you have many choices when it comes to selecting an experienced painter, we believe that our talents, references, personal approach, and work ethic speak for themselves.

We look forward to meeting with you and to serving your needs.

Sincerely,

David Zanoni
